FOREWORD

We, the maidens and braves of the Class of '61, wish to present to our brothers a permanent record of our stay on this happy reservation, in order that historians may hail our culture and customs as those of a superior race. Led by the great Chief Masconomet, we have fought long and hard to reap the fruits of an abundant harvest. We hope that you will laugh at our mistakes and rejoice with us in our victories. We have shared a great two years together, and here they are!

DEDICATION

We, the Class of '61, have been fortunate in having not only a fine teacher, but an advisor, "accomplice", and loyal friend as well in Mr. William Vaughn.

In appreciation for his superhuman efforts on behalf of the Class of 1961 we wish to dedicate this year's **Mitobo** to him.

IN MEMORIAM

In remembrance of Professor Franklin Campbell Roberts, Sr. of Boxford, professor emeritus of Boston University and a member of the Masconomet Regional School Committee. Professor Roberts was active in local government from 1918 until 1960, first as a town accountant in Middleton and last for nineteen years as a selectman in Boxford. His deep and genuine interest in the development of education endeared him to colleagues and townspeople alike. His sudden and untimely passing is deeply mourned by everyone who knew him.

MUSIC

BAND

The Masconomet Band, under the direction of Mr. Donald Gay, has been very active this year. The band's participation in the Northeastern District Music Festival, playing for football games, pep rallies, assemblies, and holding a Spring Concert, a "Concert on the Green," and an exchange concert with the Bedford High School Band have all contributed to make life at Masconomet more enjoyable through music.

Mr. Donald M. Gay.

Under the expert guidance of their director Mr. Donald M. Gay, the Masconomet Singers have participated in many programs. They have given two excellent performances at our spring concerts, have participated in two Northeastern Music Festivals at which they received an excellent rating, and have recorded several Christmas selections for presentation over radio station WLYN.

BLUE

We held our Junior Prom in the Archibald Jones Auditorium at 8 o'clock on May 6, 1960. The theme of our dance was Blue Willow. Music was provided by the Billy Rich Orchestra. Judy Davis was chosen Queen of the Junior Prom with a court including Nancy Munroe, Nancy Clarke, Patty Earl, Joyce Dodds, Karin Mueller, and Diane McBride.

SPRING

WILLOW

The Decorating Committee, under the direction of its chairman, Karin Mueller, turned the Gymnasium into an Oriental garden. In the center of the floor an arched bridge spanned a lotus pool from whose edge a graceful willow tree towered above the dancers. This was unquestionable the most beautiful dance of our Masconomet career.

The girls' tennis team had a fine first season at Masconomet. Starting from scratch at the beginning of the season, the girls compiled and admirable record of seven victories and only one loss in their eight scheduled matches. Captain of the team was Linda Lawson, a member of the class of 1961. Another equally successful season is predicted for this year.

CHRONICLES

REMEMBER WHEN...

You've met the tribal elders
Who plant in us seeds of knowledge.
You've seen the golden harvest of seniors
Ripe for fun, for work, and for college.
You've also seen the wigwams
Full of younger maidens and braves,
Each growing in wisdom and knowing
His future depends on how he behaves.
You've seen our industrious leaders,
Who have given Masconomet a name;
And you've observed the mighty warriors,
Who have also brought our tribe fame.
Now turn forward and back
To the gay life we've led,
To the learning we've mastered,
To the fun we have had.
To the mischief we've done,
To the friends we have made;
To the joys, to the noise
That will never fade.

DR. HOWARD LEFT US . . .

On January 25, 1961, our tribe assembled to pay tribute to Dr. Luther Howard, one of our most beloved tribal elders. Following scenes of his service to our chief Masconomet, which included teaching algebra and his secret method of success, we presented him with a yearbook, a clock radio, and a Masonic ring. Dr. Howard was respected and admired by all, and the friendship and guidance he gave to each of us will never be forgotten.

AND MR. VAN PELT JOINED US

We were fortunate in securing before many moons a young man well qualified to teach mathematics. He is Mr. Donald Van Pelt (at left). He comes to us from Plymouth Teachers College, Plymouth, New Hampshire, where he will receive his Bachelor of Education degree this June. Mr. Van Pelt teaches arithmetic and algebra here at Masconomet, and he particularly enjoys coaching the mathematics team. We are glad to welcome Mr. Van Pelt to our reservation.
